## 98+ POINTS

Bottled just a few months ago, the 2015 Continuum is shaping up to be a real gem. The flavors are dark, bold and incisive. In 2015, poor weather during flowering took with it 50% of the production in Continuum's prime Cabernet Sauvignon blocks. As a result, the 2015 has a high percentage (31%) of Cabernet Franc. Today, the Franc is keeping the wine a bit clenched, but that should be less of an issue as time passes.
