

The Wine Independent 100

2021 Continuum

98 - 100

This note is written before the final blend of the 2021 Continuum. Deep purple-black in color, it hits the ground running with an intense nose of red and black currant preserves, lilacs, baker's chocolate, and graphite, leading to an undercurrent of black olives and red loam. On the medium to full-bodied palate it is very lively, grainy and super-concentrated, finishing long and shimmering.
